

TELE-DISCO.CH

Télé-disco is the smallest disco in Switzerland and that's normal because it's located in an old telephone booth from the 1970s, which has been fully equipped and given a new look.

The concept was born in Berlin, the city that never sleeps and where you can dance on every street corner...

Before !

After !

So how does it work?

Well, it's very simple:

Get as many people as you can into the booth.

Place your mobile phone in video mode on the holder above your head.

And then what?

Choose your favourite songs from millions of tracks and skip to the next one at any time.

You have 5 minutes all to yourself to have fun.

Press the disco-effect
buzzers like crazy.

Forget about the
photobooth and other
selfies that are too static.
Dance like crazy, have
fun, make new friends and
create memories.

Notable achievements of the Tele-disco:

- > Summer 2024: Montreux Jazz Festival Superbock stand.
- > Winter 2024-2025 Coke Tour in Switzerland and Austria.

Tele-disco is red now... colour can be changed as needed.
